

About us:

Alta Implement is a single location family-owned New Holland dealership that has been servicing Buena Vista County's farmers and the surrounding areas since 1964. We strive to provide our customers with the best in parts, sales & service. Our business continues to evolve to help meet customer's needs and build lasting relationships.

Alta Implement is also greatly involved with the community and has helped sponsor the Buena Vista county fair, Buena Vista County raceway, Buena Vista University, our local schools, fire department, and Farm Bureau.

Alta Implement is in Alta, Iowa which is located in northwest Iowa. Alta is 6 miles from Storm Lake and 7 miles from Aurelia right on Highway 7. Alta is best known for being a small farm community and its many wind turbines.

Equipment we service:

Ag Industrial and Harvesting equipment which include New Holland, Kubota, Artex Spreaders, White, Sunflower, Oliver, Parker, New Idea and Meyers Equipment. We also offer a line of implements from manufacturers such as Land Pride, Westendorf, Yetter, Virnig, HoneyBee, Landoll, and MacDon.

Job Description: Utility Position with CDL

The Utility Person plays a vital support role in maintaining the professional appearance and operational functionality of the dealership. This individual is responsible for cleaning and detailing equipment, general lot upkeep, minor repairs, and assisting with facility maintenance. A strong work ethic, attention to detail, and willingness to take initiative are key to success in this role.

We'd love to talk about future employment!

Key Responsibilities:

- Wash, clean, and detail agricultural equipment for delivery or resale.
- Maintain cleanliness and organization of the lot and yard areas.
- Perform light maintenance and repairs on dealership grounds (e.g., fixing fences, signage, weed control, snow removal).

- Assist with basic facility repairs and upkeep (e.g., changing light bulbs, painting, minor plumbing, or carpentry work).
- Organize equipment and materials in designated areas.
- Assist technicians or parts personnel with moving equipment or parts as needed.
- Transport equipment to and from customer locations for pickup and delivery, ensuring safe handling and timely service.
- Safely operate equipment such as tractors, skid steers, forklifts, and pressure washers.
- Follow all safety procedures and maintain a clean, hazard-free work environment.
- Perform other duties as assigned by management.

Qualifications:

- Commercial Driver’s License (CDL) required, with a clean driving record.
- High school diploma or GED preferred.
- Valid driver’s license and good driving record.
- Experience operating agricultural or construction equipment is a plus.
- Basic mechanical aptitude and familiarity with hand tools.
- Ability to work outdoors in varying weather conditions.
- Self-motivated with strong time management skills.

Work Environment & Physical Requirements:

- Frequent lifting up to 50 lbs.
- Bending, kneeling, climbing ladders, and standing for long periods.
- Work performed outdoors and indoors, sometimes in hot or cold conditions.
